Josh Murray	234	80					34	33
Richard Edmond	626	67		16			10	10
Levi Robinson	68	26	12					14

How Points are awarded:

10 home points for attending each home meeting and 12 away points for attending but drivers are expected to race ringwood meetings first on a weekend otherwise points will not count if you go away on the same weekend!

Except unless with a twist!!! Yes each driver will have the opportunity to declare a joker card on 2 away meetings 1 can be an away meeting on the same as a ringwood night and the other joker meeting will be an away meeting! To extend that there will be one joker card home meeting so 3 in total! The away jokers will Cary double points earned excluding travel points these will remain normal attendance points.

The home joker is double points earned on the night plus 20 bonus if you score more than 32 points in the home joker meeting.

Home Joker cards must be declared on raceday at drivers brief! It is up to the driver to declare this for everyone to hear so they know the joker card is in play.

Away joker cards must be declared at the office 2 weeks in advance! Remember guys 3 jokers all season! 2 away and 1 home.

This is for Ringwood Raceway Licence Holders Only

Anyone not honouring there booking at either ringwood or an away track without letting the office no on 01202 900626 will have 10 points deducted for each meeting they fail to attend.

Should we be in a position before the world finals that a driver cannot honour there bookings we reserve the right to offer his place to the next available driver.
